D	Insignificant/detrimental	good fair poor bad

Notable features:

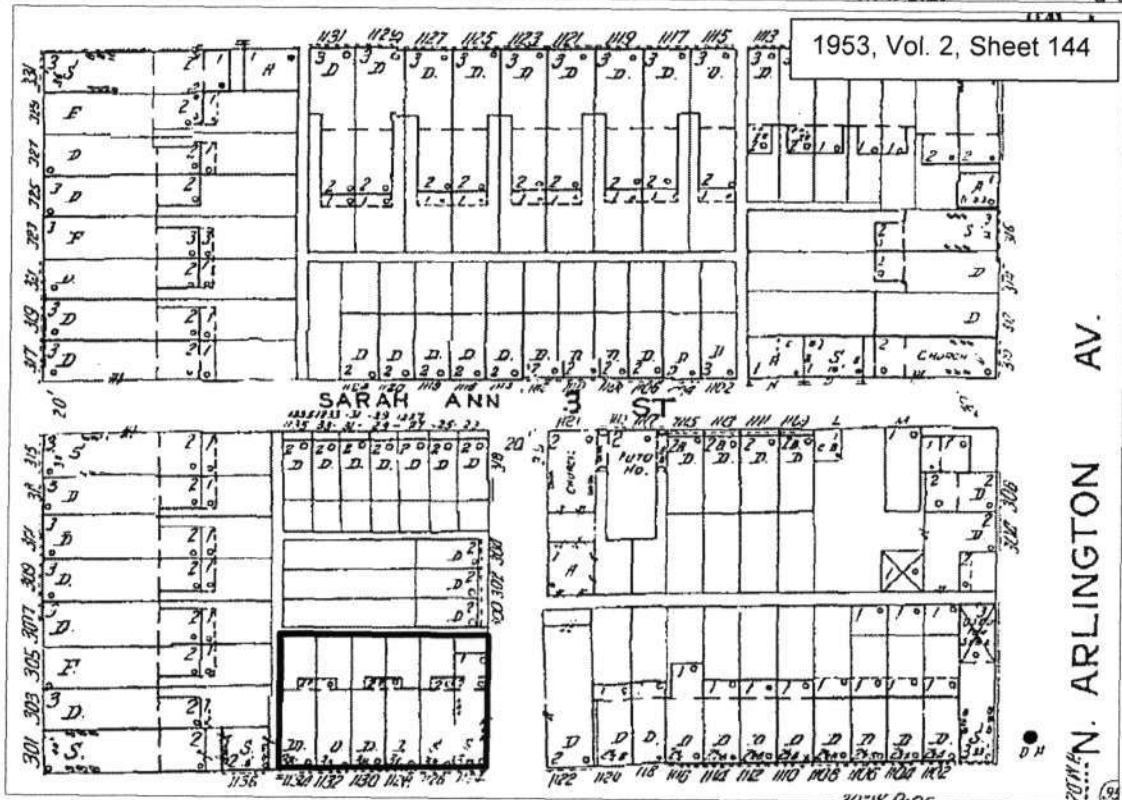

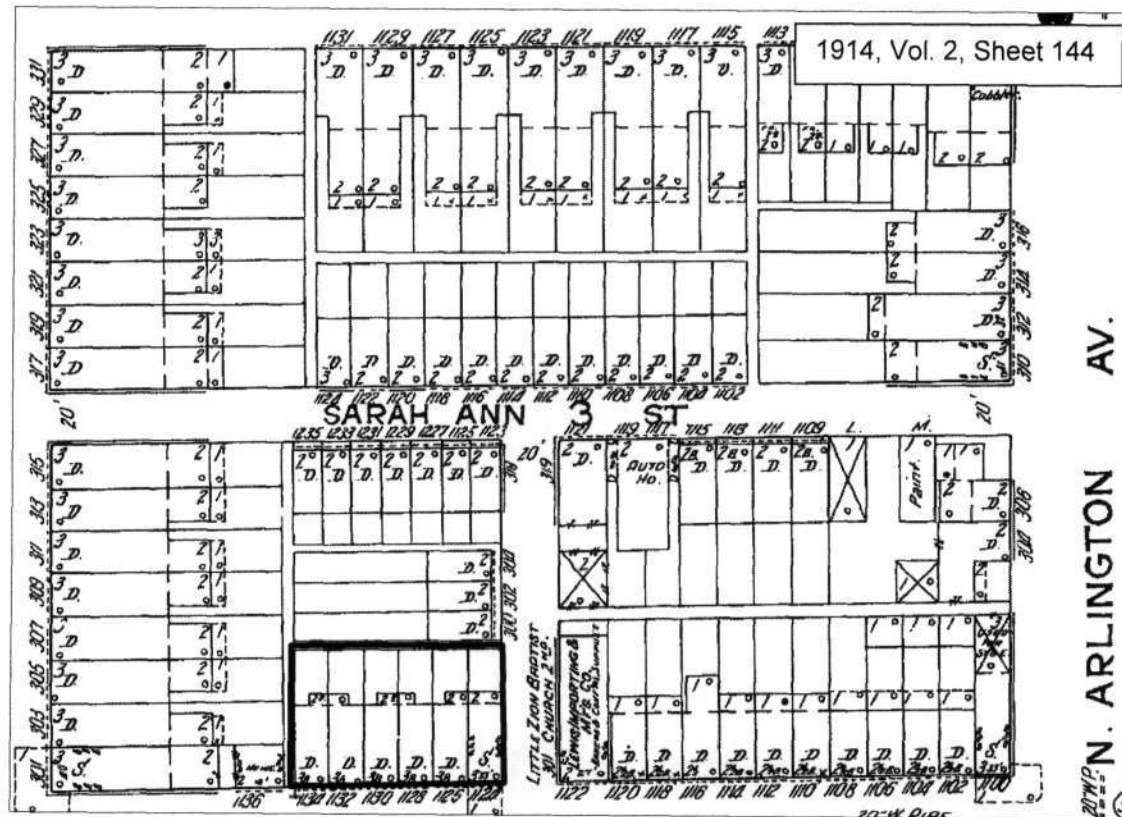

The condition of 1128-32-34 is terrible. They should either be rehabilitated at once or torn down. Number 1124/26 has nice late 1880's detail on the shop front and a good cornice, but its present boarded-up shop is detrimental to the appearance of the block. Numbers 1132-1134 have been formstoned. Number 1136 is two-story on rear property of 301 N. Carrollton.

Environmental context:

Lot at 1130 has been cleared and 1128, 1132-34 are vacant and boarded up. The street needs trees. The scale is good with houses across the street. Diagonally across the street will be the new recreation center. The gap at 1130 and the low 1134, plus the undistinguished architecture and bad condition of these buildings put them in equivocal category.
